Important so. For many occ... ent, e. g., Farmer, Phys... motive Engineer, Civil Engineer, Stationary Fireman, etc. But in many cases, especially in industrial employments, it is necessary to know (a) the kind of work and also (b) the nature of the business or industry, and therefore an additional line is provided for the latter statement: it should be used only when needed. As examples; (a) Spinner (b) Cotton mill: (a) Salesman: (b) Grocery: (a) Foreman (b) Automobile factory. The material worked on may form part of the second statement. Never return "Laborer," "Foreman," Manager," "Dealer," etc., without more precise specification, as "Day laborer," "Farm laborer," "Coal mine," etc. Women
